How Students Can Use ChatGPT

Your AI Study Assistant

ChatGPT is like a personal tutor, study buddy and creative partner. It can help you learn faster, understand difficult topics, practice questions, create study materials and much more.

01 Learn

Understand concepts in simple language.

02 Practice

Get questions, quizzes and mock tests.

03 Revise

Create summaries, flashcards and key points.

04 Create

Generate ideas, notes, charts and study materials.

05 Improve

Get feedback on your writing, answers and presentations.

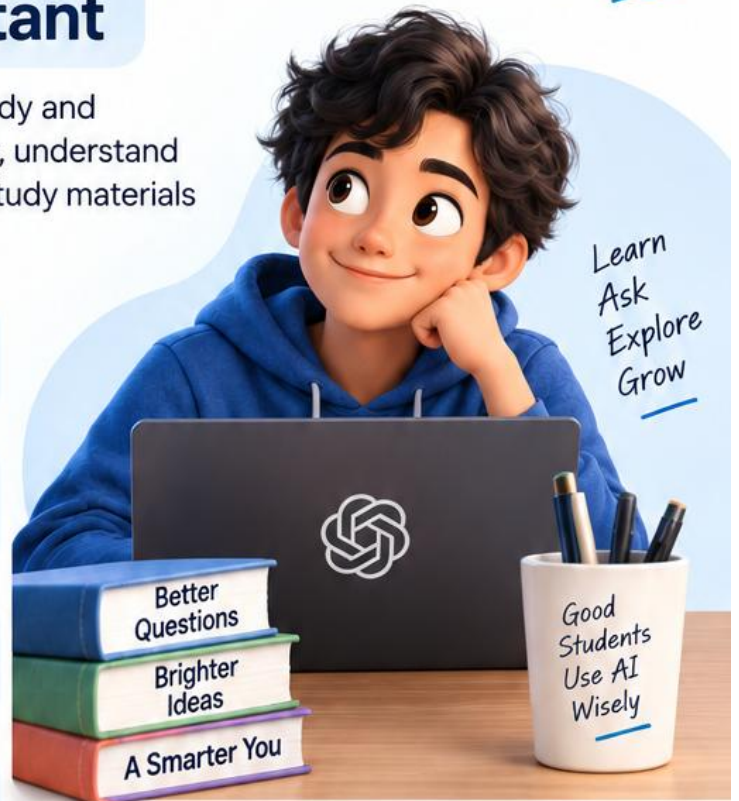

06 Plan

Organize your study time and set goals.

07 Explore

Go beyond your textbook and discover new ideas.

What is a Prompt?

Better
Prompts
Better
Answers

A Prompt Is Your Instruction to ChatGPT

A prompt is the message you type to tell ChatGPT what you want. It helps ChatGPT understand your goal and give you a more useful, relevant and accurate response.

A prompt tells ChatGPT:

- ✓ What you want
- ✓ Why you want it
- ✓ What information it should use
- ✓ How it should respond

Weak Prompt

Too short and unclear.

NOT IDEAL

Explain photosynthesis.

- Does not specify the level
- No context
- No format or preference
- May give a generic answer

Better Prompt

Clear, specific and helpful.

RECOMMENDED

Explain photosynthesis to a Class 10 student using simple language, an everyday analogy, and a step-by-step explanation. End with 5 questions to test my understanding.

- Specifies the audience (Class 10 student)
- Sets the tone (simple language)
- Adds useful elements (analogy, steps, questions)
- Results in a more relevant and structured answer

Key Principle

Better instructions
→ More useful responses

*"A well-written prompt
can turn ChatGPT into
your personal teacher."*

The Perfect Student Prompt

5 Elements of a Strong Prompt

A well-structured prompt helps you get clear, useful and relevant answers. Use these 5 elements to create effective prompts.

01

**ROLE**

Tell ChatGPT who it should act as.

"Act as an experienced mathematics teacher."

02

**TASK**

Tell it what you want.

"Explain quadratic equations."

03

**CONTEXT**

Give relevant information.

"I am a beginner and understand basic algebra."

04

**CONSTRAINTS**

Set boundaries or preferences.

"Use simple language and avoid advanced terminology."

05

**FORMAT**

Tell it how to present the answer.

"Use examples, bullet points and a short quiz."

A good prompt
gives better
results!

Prompt Formula

ROLE

+

TASK

+

CONTEXT

+

CONSTRAINTS

+

FORMAT

= A POWERFUL PROMPT

Pro Tip

- ✓ Be clear and specific
- ✓ Mention your class level
- ✓ Give enough context
- ✓ Ask for the format you want
- ✓ Iterate and ask follow-up questions

Complete Example

"Act as an experienced mathematics teacher. Explain quadratic equations to a beginner who understands basic algebra. Use simple language and avoid advanced terminology. Provide examples, solve one problem step by step and end with a short quiz."

Small changes
make a big difference!

Learn Any Topic

Prompts for Understanding Concepts

ChatGPT can explain complex topics in simple language, help you see the big picture and make learning more interesting and effective.

Use ChatGPT to:

Explain difficult concepts

Compare concepts

Simplify complicated topics

Identify common misconceptions

Learn from the basics

Understand cause and effect

Get real-world examples

Ask questions interactively

Sample Prompt

Copy Prompt

“Act as my personal tutor. Teach me **[TOPIC]** from the basics. Assume I know very little about the subject. Explain each concept step by step using simple language and real-world examples. After each major concept, ask me one question to check my understanding before moving to the next concept.”

Customize Your Prompt

Replace the brackets and add details like:

- ✓ Your class (e.g., Class 9, 11, College)
- ✓ Subject (e.g., Physics, History, Economics)
- ✓ Specific topic or chapter
- ✓ Your current level (beginner, intermediate)
- ✓ Preferred format (explanation, examples, diagrams)

Pro Tip

Ask follow-up questions like:

- ✓ Can you explain this in an even simpler way?
- ✓ Can you give a real-life example?
- ✓ What are common mistakes students make in this topic?

Curious questions lead to deeper learning!

Notes & Summaries

Better
Notes
Brighter
Results

"Good notes today. A stronger you tomorrow."

Turn Information Into Study-Friendly Notes

ChatGPT can convert long and complex information into clear, organized and easy-to-understand notes. This helps you save time and focus on what really matters.

You can ask ChatGPT to create:

Chapter summaries
Short and structured overviews.

Detailed notes
In-depth explanations with examples.

One-page notes
Condensed notes for quick revision.

Key definitions
Important terms and meanings.

Important points
Exam-focused key takeaways.

Tables
Organized comparison and data.

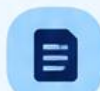

Comparisons
Differences and similarities.

Timelines
Key events in order.

Concept maps
Visual summaries of topics.

Revision sheets
Quick reference for exams.

Less
Reading
More
Learning

Sample Prompt

Copy Prompt

"Convert the following material into exam-oriented study notes. Organize it under clear headings and subheadings. Include important definitions, formulas, facts, examples and key points. Highlight information that is especially important for revision."

Customize Your Prompt

- ✓ Add your class level (e.g., Class 10, 12, College)
- ✓ Mention the subject and chapter
- ✓ Specify the type of notes (short, detailed, one-page)
- ✓ Ask for key points, formulas, diagrams or examples
- ✓ Request a specific format (bullet points, tables, mind map)

Pro Tip

- ✓ Ask for a one-page summary for quick revision.
- ✓ Request a mind map to see the big picture.
- ✓ Use bullet points for easy reading.
- ✓ Ask for important questions from the chapter.
- ✓ Combine notes with practice questions.

Well-organized notes
make revision easier!

Revision & Memory

Make Revision More Effective

ChatGPT can help you revise smarter by creating flashcards, questions, summaries and memory techniques. It helps you recall information better and build long-term understanding.

Use ChatGPT for:

- | | |
|---|---|
|  Flashcards
Question-answer cards for quick recall. |  Mnemonics
Memory tricks to remember easily. |
|  Active recall
Test yourself regularly. |  Quick revision
Short and focused summaries. |
|  Spaced repetition
Plan revision at regular intervals. |  Key-point recall
Important facts and concepts. |
|  Self-testing
Create quizzes and mock tests. |  Weak area practice
Get extra questions on difficult topics. |

Practice
Makes
Progress

Sample Prompt

 Copy Prompt

“Create 20 flashcards from [TOPIC]. Put the question on one side and the answer on the other. Include a mixture of definitions, concepts, applications and tricky questions. Start from easy questions and gradually increase the difficulty.”

Customize Your Prompt

- ✓ Replace [TOPIC] with your subject or chapter
- ✓ Mention the number of flashcards you need
- ✓ Specify the difficulty level (easy to advanced)
- ✓ Ask for different question types (definitions, diagrams, application-based)
- ✓ Request explanations for the answers

Memory Tip

- ✓ Don't just read the answers — try to recall them first.
- ✓ Ask ChatGPT to give you hints if you get stuck.
- ✓ Use spaced repetition (revise again after 1 day, 3 days, 1 week).
- ✓ Combine flashcards with practice questions.
- ✓ Teach the concept to someone else — it improves recall.

Don't just study. Remember.

Question Generator

Create Your Own Practice Tests

ChatGPT can generate a wide variety of questions to help you practice, test your knowledge and prepare for exams. You can customize the questions based on your subject, topic, level and exam pattern.

You can generate:

MCQs
Multiple choice questions.

Short-answer questions
Brief and focused answers.

Long-answer questions
Detailed responses.

True/False questions
Quick concept checks.

Fill-in-the-blanks
Test key terms and facts.

Case-based questions
Real-life scenarios.

Application questions
Use concepts in new situations.

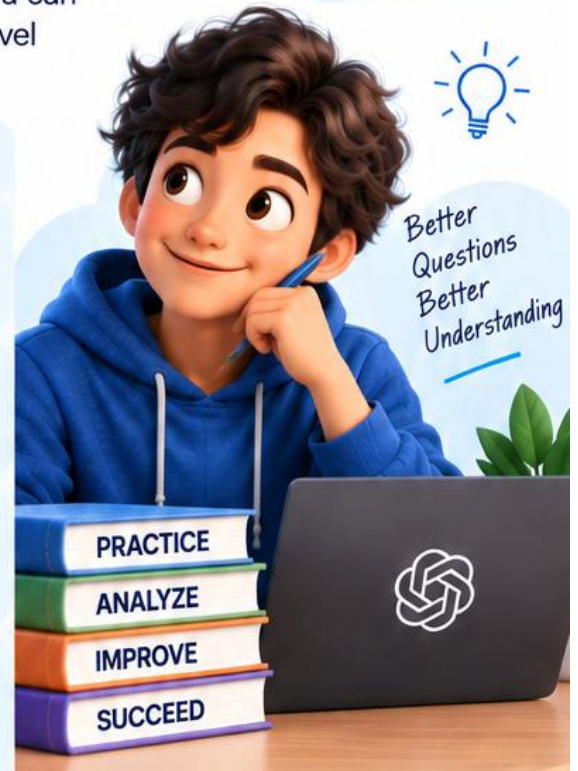

Higher-order thinking questions
Analyze, evaluate and create.

Score Higher

"Good questions
lead to deeper
learning."

Better
Questions
Better
Understanding

Sample Prompt

Copy Prompt

“Create a practice test on **[TOPIC]** containing 20 questions. Include 10 MCQs, 5 short-answer questions and 5 application-based questions. Do not provide the answers initially. After I submit my answers, evaluate them and explain my mistakes.”

Customize Your Prompt

- ✓ Replace [TOPIC] with your subject or chapter
- ✓ Mention your class level (e.g., Class 10, 12, College)
- ✓ Specify the number and type of questions
- ✓ Ask for questions based on a specific exam pattern
- ✓ Request difficulty levels (easy, medium, hard)
- ✓ Ask for answers and explanations after you attempt

Pro Tip

- ✓ Try timed practice tests to build exam confidence.
- ✓ Ask ChatGPT to explain why each answer is correct.
- ✓ Focus more on questions you get wrong.
- ✓ Request similar questions for extra practice.
- ✓ Use a mix of question types.

More practice today,
a brighter tomorrow!

Study Plan & Schedule

Plan Better. Achieve More.

ChatGPT can help you create personalized study plans, schedules and routines based on your goals, time availability and learning style. A good plan keeps you consistent, reduces stress and helps you achieve better results.

Use ChatGPT to create:

Daily study plans

Plan your day effectively.

Goal-based plans

Short-term and long-term goals.

Time management

Allocate time for subjects and breaks.

Exam preparation plans

Structured plans for board exams, entrance tests, etc.

Revision schedules

Plan regular revision sessions.

Habit building

Build consistency and discipline.

Personalized plans

Based on your strengths, weaknesses and learning style.

Progress tracking

Review and adjust your plan.

Good Planning Leads to Big Results

A plan today, a brighter tomorrow.

Plan Focus Stay Consistent Succeed

Consistency Creates Success

Sample Prompt

Copy Prompt

“Create a 4-week study plan for [SUBJECT or EXAM] for a Class 12 student. I have [X hours per day] to study. Include a detailed daily schedule with topics to cover, practice questions, revision sessions and mock tests. Also suggest tips to stay consistent and motivated.”

Customize Your Prompt

- ✓ Replace [SUBJECT or EXAM] with your subject or goal
- ✓ Mention your class level (e.g., Class 9, 10, 12, College)
- ✓ Specify how many hours you can study daily
- ✓ Add your exam date or target timeline
- ✓ Mention if you want a weekday/weekend plan
- ✓ Ask for additional tips (focus, motivation, distractions)

Pro Tip

- ✓ Be realistic about your available time.
- ✓ Include short breaks to avoid burnout.
- ✓ Ask for a plan that balances study, practice and revision.
- ✓ Review and adjust the plan regularly.
- ✓ Use ChatGPT to track your progress.

A better plan brings a brighter you!

Doubt Solver & Tutor

No
Doubt is
Small

"Ask

Curious
Minds
Go Far

Get Clear Answers. Build Real Understanding.

ChatGPT can act as your personal tutor, helping you solve doubts, explain tough concepts and guide you step by step until you understand. You can ask follow-up questions, request simpler explanations or deeper details anytime.

You can ask ChatGPT for help with:

Explain step by step

Get simple, clear explanations.

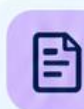

Solve problems

Get help with numerical and logical questions.

Different explanations

Ask for simpler or advanced explanations.

Real-life examples

Understand how concepts apply in daily life.

Clarify concepts

Ask follow-up questions until your doubt is fully clear.

Diagrams & visual explanations

Request charts, diagrams or flowcharts.

Step-by-step solutions

Request detailed working and methods.

Exam tips

Learn the right approach to solve similar questions in exams.

Sample Prompt

Copy Prompt

“I’m a Class 12 student and I’m struggling with [TOPIC]. Please explain it in simple language with step-by-step explanation. Include a real-life example, a diagram if needed, and then give me 2 practice questions with solutions. Also, tell me common mistakes students make in this topic.”

Customize Your Prompt

- ✓ Replace [TOPIC] with your actual doubt
- ✓ Mention your class level (e.g., Class 9, 10, 11, 12, College)
- ✓ Specify what type of explanation you need (simple, detailed, visual, etc.)
- ✓ Ask for solved examples and practice questions
- ✓ Request explanations of common mistakes
- ✓ Mention if you want exam tips or important points

Pro Tip

- ✓ Don't just ask for the answer — understand the process.
- ✓ Ask follow-up questions if you're still confused.
- ✓ Try solving similar questions on your own.
- ✓ Use diagrams and real-life examples for better understanding.
- ✓ Keep a doubt notebook with key learnings.

Clear doubts today,
confident tomorrow!

Writing & Creativity

Express Better. Create More.

ChatGPT can help you write, edit and improve your content for school, college and beyond. It can also spark your creativity with ideas, stories and fresh perspectives.

You can ask ChatGPT to help with:

Essays and articles

Get well-structured, original content.

Editing and improving

Make your writing clearer, shorter and stronger.

Creative ideas

Get ideas for stories, projects, presentations and more.

Different styles

Rewrite in formal, casual or creative style.

Summaries

Turn long content into short and clear summaries.

Paraphrasing

Say the same thing in different words.

Stories and poetry

Create short stories, poems and dialogues.

Personal statements

Get help with SOPs, college applications and cover letters.

Sample Prompt

Copy Prompt

“Write a 500-word essay on **[TOPIC]** for a Class 12 student. Use simple and clear language, with a strong introduction, well-structured body and a conclusion. Also give 3 catchy title options and suggest how I can make it more creative.”

Customize Your Prompt

- ✓ Replace [TOPIC] with your subject or theme
- ✓ Mention the type of writing (essay, article, story, poem, etc.)
- ✓ Specify the word limit
- ✓ Mention your target audience (teacher, college admission, etc.)
- ✓ Ask for a specific tone (formal, persuasive, creative, etc.)
- ✓ Request feedback to improve your draft

Pro Tip

- ✓ Don't just copy — personalize the content.
- ✓ Use ChatGPT to get ideas, then add your own thoughts and examples.
- ✓ Ask for multiple versions and choose the best one.
- ✓ Learn from the structure and writing style.
- ✓ Use it to overcome writer's block.

*Your ideas deserve a voice.
Start writing!*

Summarizer & Translator

Understand Faster. Learn Better.

ChatGPT can summarize long content, extract key points and translate text into different languages. It helps you understand complex information quickly and learn from any source.

You can use ChatGPT to:

Summarize long text

Get short and clear summaries of articles, chapters or research papers.

Create notes

Turn long content into well-structured notes.

Translate content

Translate between multiple languages accurately.

Change language style

Make the text formal, informal or student-friendly.

Extract key points

Get the most important information quickly.

Compare and explain

Compare two texts and explain the differences in simple terms.

Simplify complex text

Convert difficult language into simple, easy-to-understand words.

Learn new languages

Get translations with usage examples and pronunciation tips.

Any Language
Any Topic

Different
Languages
Bigger
Opportunities

Sample Prompt

Copy Prompt

“Summarize the following article in 150 words and explain it in simple language for a Class 12 student. Also, translate the summary into Hindi and give 5 key takeaways.”

Customize Your Prompt

- ✓ Paste your text or upload a document
- ✓ Mention the desired length of the summary
- ✓ Specify the language for translation
- ✓ Ask for key points, examples or explanations
- ✓ Choose the style (simple, formal, student-friendly)
- ✓ Request additional help (e.g., pronunciation, real-life examples)

Pro Tip

- ✓ Use this for NCERT chapters, news articles, research papers and more.
- ✓ Try translating your class notes to understand better.
- ✓ Compare summaries from different sources.
- ✓ Use simple language for faster learning.
- ✓ Save important summaries for future revision.

Knowledge
Has
No Limits

Sample Prompt

Copy Prompt

“Provide a detailed overview of [TOPIC]. Explain its history, key concepts, current trends and future possibilities. Give reliable sources for further reading. Also, summarize the most important points in simple language for a Class 12 student.”

Customize Your Prompt

- ✓ Replace [TOPIC] with your subject or question
- ✓ Mention the depth of detail you need (short or detailed)
- ✓ Specify if you want recent updates or historical context
- ✓ Ask for credible sources (books, websites, journals, etc.)
- ✓ Request a short summary at the end
- ✓ Mention your class level or purpose (assignment, project, general knowledge)

Pro Tip

- ✓ Be specific and clear in your question.
- ✓ Ask for multiple sources to verify information.
- ✓ Use follow-up questions to explore deeper.
- ✓ Combine information from different perspectives.
- ✓ Take notes and summarize in your own words.
- ✓ Use this tool to spark ideas for projects and presentations.

Exam strategies

Learn time management, question selection and other exam tips.

Sample Prompt

Copy Prompt

“I am a Class 12 student preparing for [EXAM NAME] and I am studying [TOPIC]. Please explain this topic in simple language, give me a summary, important formulas (or key points) and 5 practice questions with solutions. Also, suggest a revision plan for this topic.”

Customize Your Prompt

- ✓ Replace [EXAM NAME] and [TOPIC] with your details
- ✓ Mention your current level (e.g., beginner, intermediate)
- ✓ Specify the type of help you need (notes, questions, plan, etc.)
- ✓ Ask for questions of different difficulty levels
- ✓ Request explanations step by step
- ✓ Mention your exam date or time available

Pro Tip

- ✓ Be specific about your exam and topic.
- ✓ Ask for answers with explanations, not just solutions.
- ✓ Try solving the questions yourself first.
- ✓ Use mocks to build confidence and improve speed.
- ✓ Combine ChatGPT's help with your textbook and teacher's guidance.

Skill learning roadmap

Get a step-by-step plan to learn new skills and tools.

Discover internships and opportunities

Find internships, online courses, and projects to gain experience.

Personal growth

Get tips on time management, productivity and building good habits.

Sample Prompt

Copy Prompt

“I am a Class 12 student interested in **[YOUR CAREER INTEREST]**. Please tell me about this career, required skills, best colleges in India, future scope, and a step-by-step plan to prepare for it. Also suggest some online courses and internship opportunities.”

Customize Your Prompt

- ✓ Replace [YOUR CAREER INTEREST] with your field (e.g., engineering, medicine, design, data science, etc.)
- ✓ Mention your current class and background
- ✓ Ask for specific details (colleges, exams, skills, etc.)
- ✓ Request a step-by-step plan
- ✓ Ask for resources (books, websites, online courses)
- ✓ Specify if you want global or India-specific information
- ✓ Mention your goals and timeline

Pro Tip

- ✓ Be specific about your interests and goals.
- ✓ Ask for multiple career options to compare.
- ✓ Use follow-up questions to go deeper.
- ✓ Combine career guidance with skill learning plans.
- ✓ Keep exploring and stay curious!

The right guidance today can take you far tomorrow!

Creativity & Idea Generation

Think Different. Create More. Bring Ideas to Life.

ChatGPT can help you brainstorm ideas, solve problems creatively and explore new possibilities. It is like a thinking partner that gives you fresh perspectives.

You can ask ChatGPT to help with:

Brainstorm ideas

Get new and creative ideas for projects, assignments or hobbies.

Solve problems creatively

Explore different solutions and think from multiple angles.

Suggest project topics

Find unique and interesting topics for school or college projects.

Improve and refine ideas

Get feedback and suggestions to make your ideas better.

Create content ideas

Get ideas for essays, presentations, videos, social media or blogs.

Explore creative fields

Learn about design, writing, art, business and more.

Get inspiration

Discover examples and real-life stories to fuel your imagination.

Turn ideas into plans

Create step-by-step action plans to bring your ideas to life.

Ethical & Safe Use of AI

Good Users
Make a
Better AI World

"Use technology for good, not just for convenience."

Use AI Wisely. Be Responsible. Stay Safe.

AI is a powerful tool, and with great power comes great responsibility. It's important to use AI ethically, protect your privacy and avoid misuse.

You can ask ChatGPT to help with:

Understand ethics

Learn what is ethical and unethical use of AI with real examples.

Protect your privacy

Get tips on how to keep your data safe while using AI tools.

Avoid plagiarism

Learn how to use AI without copying others' work.

Use AI fairly

Understand bias in AI and how to use it in a fair and respectful way.

Identify misinformation

Learn how to fact-check AI responses and find reliable information.

Respect others

Get guidance on using AI responsibly in school, projects and online.

Cite AI usage

Learn how to properly acknowledge AI help in your work.

Be a responsible digital citizen

Understand the impact of AI on society and how you can make a positive difference.

Be Safe
Be Respectful
Be Responsible

Sample Prompt

Copy Prompt

“Explain the ethical use of AI for students. Give real-life examples of what is allowed and what is not. Also, suggest ways to avoid plagiarism and keep my personal data safe while using AI tools.”

Customize Your Prompt

- ✓ Mention your specific concern (privacy, plagiarism, etc.)
- ✓ Ask for real-life examples
- ✓ Request guidelines or best practices
- ✓ Specify your school or project context
- ✓ Ask for dos and don'ts
- ✓ Request easy-to-follow tips or a checklist

Pro Tip

- ✓ Be honest about how you plan to use AI.
- ✓ Always verify important information.
- ✓ Use AI as a learning tool, not a shortcut.
- ✓ Respect the work of others.
- ✓ Keep your personal and sensitive data private.
- ✓ Help create a positive and ethical AI community.

A safer, kinder and smarter digital future starts with you!

Language Learning & Communication

Practice
Learn
Communicate
Grow

"A new language is a new way to see the world."

Learn Better. Communicate Confidently. Go Further.

ChatGPT can help you improve your English and other languages, build communication skills and become more confident in expressing your ideas.

You can ask ChatGPT to help with:

- | | |
|---|--|
|  Improve grammar
Get explanations, examples and practice exercises for grammar rules. |  Correct pronunciation
Get pronunciation tips, phonetic spelling and speaking practice. |
|  Expand vocabulary
Learn new words, their meanings, usage and examples in context. |  Learn communication skills
Get tips on public speaking, interviews and daily conversations. |
|  Practice conversation
Have role-play conversations to improve speaking and listening skills. |  Summarize and simplify
Turn complex text into simple language for easier understanding. |
|  Improve writing skills
Get help with essays, emails, reports and creative writing. |  Get feedback
Ask for feedback on your writing or speaking and tips to improve. |
|  Learn new languages
Get lessons, common phrases and practice dialogues in any language (e.g., French, Spanish). |  Prepare for exams
Get practice questions and tips for exams like IELTS, TOEFL or school English tests. |

Sample Prompt

 Copy Prompt

“I am an intermediate English learner. Please help me improve my speaking and writing skills. Give me a 2-week study plan, daily practice exercises, common conversations, new vocabulary words and ways to build confidence.”

Customize Your Prompt

- ✓ Mention your current language level
- ✓ Specify the skills you want to improve (speaking, writing, listening, etc.)
- ✓ Ask for content in your preferred language
- ✓ Request practice exercises, examples and feedback
- ✓ Mention your purpose (school, exam, travel, job, etc.)
- ✓ Ask for a study plan or regular practice schedule

Pro Tip

- ✓ Be specific about your goals and current level.
- ✓ Practice regularly with follow-up questions.
- ✓ Ask for real-life examples and role-plays.
- ✓ Try speaking or writing your answers first, then ask for feedback.
- ✓ Use AI to learn phrases and expressions in context.
- ✓ Make it fun — explore movies, songs or stories in the language you're learning.

Better communication opens a brighter future!

Sample Prompt

Copy Prompt

“I am a Class 12 student preparing for my board exams. Explain the chapter [TOPIC] in simple language, give important questions, a summary of key points and a few practice questions with answers. Also suggest a 1-month study plan for this subject.”

Customize Your Prompt

- ✓ Mention your class, subject and exam type (e.g., CBSE)
- ✓ Specify the topic or chapter name
- ✓ Ask for explanations, examples and key points
- ✓ Request practice questions (MCQs, short/long answers)
- ✓ Ask for a study plan or revision schedule
- ✓ Mention if you need tips, memory tricks or diagrams
- ✓ Specify the type of output (e.g., table, bullet points, mind map)

Pro Tip

- ✓ Be clear and specific in your request.
- ✓ Break big topics into smaller parts.
- ✓ Use follow-up questions to go deeper.
- ✓ Ask for different types of questions.
- ✓ Request explanations for both correct and incorrect answers.
- ✓ Combine study support with time management.
- ✓ Keep a positive attitude and stay consistent!

You can do it!
